Subject: Winters Weekly Status

Doug,

Here it is.

This Week (05/14/15 – 05/08/15)

Dams General – Review and comment on Geosyntec report.

Bath – Provide location information and detail drawings to Carter for use in preparation of repair recommendations.

Bremo – Begin preparation of request for extension of the Bremo West Ash Pond Conditional O&M Certificate.

General – Participate in meeting to evaluate risk of tanks that do not have secondary containment across Dominion properties.

Mecklenburg – Provide soil backfill recommendations to the contractor for the fire pipeline replacement project.

Possum Point – Site visit to evaluate potential effect of disturbance to flow paths within the ash pond caused by GAI exploratory activities. No significant effects anticipated. Evaluated current conditions, water levels below sand bags, no discharge for outfall, seepage significantly decreased from observations on 04/17/15. Review and comment on Ash Pond Closure 30% design submittal. Review and comment on Ash Pond ABC draft Emergency Action Plan. Revise Ash Pond D Emergency Action plan.

Roanoke Rapids – Discussion with Teresa Hurd regarding requirements for collection of Dam Safety Monitoring Data. Discussed potential station personnel, versus contractors, versus additional support from Bath County. Teresa to discuss with Robin Mutscheller. Plan to participate in data collection this month in order to increase familiarity with this important instrumentation.

Yorktown – Review and comment on Chisman Creek Interceptor Trench 90% design submittal.

Next Week (05/18/15 – 05/22/15)

Bath – Participate in interview panel for assistant geotechnical driller position.

Bremo – Annual dam inspection reports.

Chesapeake – Annual dam inspection report.

Possum Point – Evaluate alternatives and provide recommendation for mitigating seepage at Possum Point Ash Pond ABC.
